Character Descriptions

	Power/Alignment	Power Symbol	Description	Costume
Allen	The Tree of Life / Jaro	Family	<p>Powerful and egotistical, he is the founder of the Old Barn in the forest of Eiriel. Four years ago, he retreated from normal life and went to live in the forest.</p> <p>Allen is generally a bully and very protective of Red and Gloria. He is direct with his words and often comes off as blunt and compassionless. He wants no disruptions to the life they live, and wants to cut contact with the outside world, if possible. This clashes with Red's plans and their desires to influence the outside world. While Red and Allen generally see themselves as equals, they both see Gloria as someone under them.</p> <p>Allen can create portals with his Power.</p>	
Eukarya/Yukane	The Morning Star / Tohu	Anger	<p>Eukarya is a member of the Spencer family and a current student at Chalom Lux. Gloria's disappearance damaged her permanently, as Sonya and the other older members of her family partially blamed her for the occurrence. She then turned into the character shown in <i>Gloriel</i>, hot-headed, rude, and incapable of allowing herself to become vulnerable.</p> <p>Eukarya is the founder of the Yuuniverse rock band and has the stage name Yukane. She met Mateo through being assigned partners in a linear algebra class presentation. She was also partners with Nyl.</p> <p>Her Power can be used to summon fireballs and create explosions.</p>	Scenecore outfit, probably with skinny jeans, rhinestone belt, emo shirt, and a morning star symbol hairpin + scene wig
Gloria	The Moth / Magen	Escapism	<p>Gloria is a member of the Spencer family who is younger than Eukarya and Sonya. She is whimsical, curious, and naïve. After being bullied by Eukarya and her elder siblings, she ran away into the wilderness one morning and ran into Allen. She eventually decided to live with Allen and Red in the forest of Eiriel, away from her family. Allen warned her that returning and telling her family about him was forbidden, and so she left without ever saying goodbye. Red later framed her disappearance as a death by leaving her bag and belongings out by a creek, which was found by Gloria's older brother, Bacestere Spencer. Her "death" sent the Spencer family into disorder.</p> <p>Gloria has an incredible imagination and has the Power to bring any organism she draws to life.</p>	
Mateo	The Hand / Tether	Control		

Mimosa	The Beginning / Limbus	Memory	<p>Mimosa is the acting leader of the Alkali, an organization that conducts research on the Fourteen Great Powers. They interact strategically with unfamiliar people, and are cautious, but not necessarily paranoid.</p> <p>Mimosa's general plan during the plot of <i>Gloriel</i> is to retrieve Gloria from the forest such that the Alkali gain new members and come out stronger than their opposition. They hope that doing this will help make the Spencer family and Mateo closer to the Alkali. Having a numerical advantage (Mimosa herself, Mateo, Gloria, Eukarya, Sonya vs. Allen and Red) will make it easier to convince Red to rejoin the Alkali, leaving Allen alone and in a prime position to fold when Olivia arrives in the next film, <i>Dreamlight</i>. At the end of <i>Dreamlight</i>, if Mimosa's plan is successful, the Alkali will theoretically control seven (or eight, counting Nyl) of the Fourteen Great Powers.</p> <p>Mimosa's power is to repeat attacks other characters have casted on a larger scale.</p>	
Red	The Silence / Nyx	Death		
Sanyu	Numo-Lenku	Greed, Paranoia		
Sonya	The Lioness / Jie	Ego
